We, the Senior Class of the Geneva High School, wish to say a hearty "thank you" to Mrs. Neuen-schwander for directing our play.	

Senior Prophecy

I, Ellen Gerber, was recently the lucky winner of an expense paid tour around the United States.

While on my tour, I met several of my former classmates.

Upon boarding my plane at Baer Field, the stewardess who seated me was none other than NANCY McCUNE.

The first important stop was Alaska. While in Alaska, I found MIKE NEWCOMER coaching the world-famous basketball team, the Alaskan Huskies.

From Alaska I flew to California where I saw DARLENE LEE, now a clerk in one of the better-known stores. She has hopes of being "discovered" and possibly becoming a well-known star.

CHARLOTTE MOSER, also living in California, after growing another inch taller, has finally been accepted by the Tip Toppers Club. Incidentally, Charlotte is one of the shortest members.

In New Mexico I found CARL ZIMMERMAN, famous architect. Carl is working under the direction of Pablo Picasso.

After leaving New Mexico, the next stop was Texas where I visited the DOUGLAS L. BAUMAN ranch. D. L. is the owner of a 5000 acre ranch, better known as the Double Dollar Sign (\$\$).

Next I stopped in Kentucky where I watched the Kentucky Derby. Jockey of the winning horse, Lucky Lizard Legs, was none other than PHIL THORNTON.

I then went to Washington, D.C.

I found a new figure in politics. ROGER LAUTZENHEISER was running for President of the United States.

GRETCHEN BURKE, Roger's wife, has completed her nurses training and has hopes of becoming First Lady.

JIM RICH, also of Washington, D.C., is now assisting J. Edgar Hoover in the F.B.I.

While in Massachusetts, I visited Harvard University where I found JERRY BUCKINGHAM was a physics professor. It is said that some day he may be a second Albert Einstein.

One of the most important places that I was to visit was New York City. While in New York, I found that DONNA AMSTUTZ was leading soprano for the Metropolitan Opera.

I also visited Carnegie Hall where SHERRILL YODER had recently appeared. Since her performance there, Liberace has been having stiff competition.

While touring New York state, I noticed several billboards were advertising the coming appearance of the famous fighter, Glorious Grogg, at Madison Square Garden. Glorious Grogg is the former JERRY GROGG.

Later I read in the NEW YORK TIMES that ROY HAINES was his manager and GARY ZURCHER was his personal bodyguard.

While at the U.N., I met JANICE WALKER, now a famous interpreter.

Next I had the opportunity to tour a television studio where I watched one of my favorite programs, THE PRICE IS RIGHT. While there, I saw that SANDY DAVIS was one of the models appearing on the program.

VICKI CLEVENGER, also of New York, has become a famous dress designer.

Upon arriving at the airport, I was informed there would be a slight delay. Upon hearing the announcement, I went to the newsstand where I purchased the latest issue of VOGUE. On the front page was the picture of Madame Lois Anne, LOIS LONG, famous model for Paris Originals.

Photographer for the pictures was NANCY WEIDLER.

The next stop was Detroit, Michigan, where I found BOB McCABE, now leading a quiet, but successful life in his new business, McCabe's Mortuary.

DONALD MARTIN, also of Detroit, is driving the test cars on the obstacle course for General Motors.

After leaving Michigan, for me it was back home again to Indiana, the place that most of my former classmates seem to like best.

Upon my arrival home, I learned that JERRY ALBERSON had just been elected governor of Indiana.

Geneva is doing quite well also. DEAN HALL was recently appointed Chief of Police for the city of Geneva.

TERRY JONES is the new owner of the Rainbow Laundromat.

SHIRLEY FELLERS was employed at the Geneva bank, but she resigned her job to marry the bank president.

TOM MYERS and STAN ELLENBURGER have just become owners of the Little 500, a local dragstrip.

There have also been many changes in the school system. JUDIE LUDY is new secretary for the South Adams Community School with EVELYN ROTH as school nurse.

Mr. and Mrs. TRUE MYERS are now residing in Decatur where he is practicing law in the city court. Mrs. Myers was formerly BARBARA BRUBAKER. Barb and DONNA FOSNAUGH are teachers in the newly-formed kindergarten for the South Adams School system.

JUDY MOSHER now has her own daily television show called "Hints for Better Homemaking."

LINDA MINTON is the new editor for the GENEVA PROGRESS.

DONNA COOK has been most successful with her new beauty shop. Her specialty is hair styling.

Other former classmates that I didn't have an opportunity to visit have also achieved fame in various occupations.

DONNA HODGIN had enrolled at the Parkview School of Nursing. While there, she met a young, handsome intern, and I'm sure you know the rest of the story.

JOHN LEHMAN has taken Jay Gould's place as farm director for WOWO.

DONNA McCUNE of Indianapolis is proprietor of a charm school for secretaries.

FERRAL BOOHER is now an honorary member of the basketball team, the All-American Redheads.

PEGGY GRILE and her husband are living in Portland. They are the proud parents of six boys.

CALVIN HILL is the famous halfback for the Green Bay Packers.

ANITA LEHMAN has been doing missionary work in South Africa.

LADDIE WHEELER is now the vice-president of Lockheed, a missile base.

NOEL DANIEL is now chief engineer working on Geronimo, the space shot to Pluto.

SALLY HOFFMAN is married and the proud mother of triplet girls. She and her husband and children are living in Delaware.

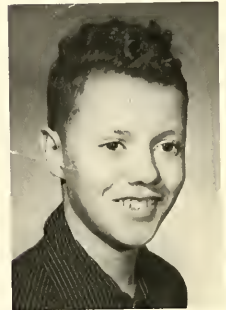

JANE FOSNAUGH is married also and has four cute, little, red-headed, freckle-faced children.

BONNIE WHEELER, who is also married, resides in Ft. Wayne. She is the proud mother of twins, Ronnie and Connie.

CAROL FOSNAUGH has become a well-known star in Hollywood, taking the place of the late Marilyn Monroe.

As for me, ELLEN GERBER, I am now editor of the "Dear Abby" column in the newspaper.

How to use your Savings to beat down the cost of Borrowing

Put your savings in a Full Service commercial bank. Borrow money from that same bank. You'll make the most of your money because you'll pay the least for your loan.

The more you do for a Full Service commercial bank (such as ours), the more we can do for you.

What can you do for us?

Bring us your checking account, your savings account, and any other accounts you may have. And do all your borrowing from us.

In return, what can we do for you?

Chances are we can save you money on loans. Our interest rates for loans are usually lower

than the rates at other types of financial institutions.

But what about our lower interest rate on savings?

True, we sometimes pay a little less on savings than other types of financial institutions. But if you're like most people, you'll borrow far more in your lifetime than you'll save. It figures that having to pay even a slightly higher rate on a loan will quickly wipe out any small gain you might make on your savings.

How do we get together?

Very simple. Just let one of our bank officers show you how we can become your financial headquarters. The rest comes easy

*Only a
Beautician*

**makes your permanent
lovelier all 4 ways**

1 Like This

Deep, rippling waves, formed by positioning each curl as only a beautician can, reveal a good permanent. Amateur methods can't compare!

2 Like This

Silken softness, shimmering glow—proof that a permanent is right! A beautician achieves this because she knows how long to process your waves—has the finer professional lotions for your type of hair.

3 Like This

Another test of a permanent—will it set attractively ... and hold its set? No home attempt can match the results of a beautician's skill here.

4 Like This

The natural look of a fine permanent draws compliments for your hair rather than your permanent. For a lovelier permanent — all 4 ways—see your beautician.

THE MOON and beyond

Bright, new horizons await today's students . . . new technologies . . . new advancements on all fronts . . . even the moon and whatever lies beyond.

How far you go in this space age depends partly on your imagination but primarily on your education and training. Conquering new horizons will demand more of today's graduates—more knowledge, more skills, more training and more specialization.

Our Free Enterprise system, with its high living standards, gives you an opportunity to "shoot for the moon" in any field. Whether or not your target is reached depends on how well trained you are to launch your career.
